

# THE CLEVELAND SURGICAL SOCIETY

## 64th Annual Resident Essay Contest Research Forum

May 9, 2017

Lockkeeper's, Independence, Ohio

Stephanie Valente, DO - Chairman

...In 1954, a Resident Essay Contest was instituted with the winner asked to give his paper at the annual meeting of the Society. It is of interest that the first winner of this contest was Dr. John Davis, now Chairman Emeritus of the Department of Surgery at Vermont University Medical School. He spoke on "The Value of Colloids in the Treatment of Hypovolemia." The papers presented for this contest have been from all of the local hospitals and from many outside the Cleveland area. They have been of a caliber that has made the selection of winners very difficult. On one occasion, there were twenty-eight papers of such excellence that eighteen prizes were awarded, including fourteen honorable mentions. As recent as 1993, thirty papers were submitted, roughly one-half clinical and one-half research. First, second and third place prizes were awarded in each group...

...In 1966, following the establishment of a Surgical Research Committee, an afternoon Research Forum was to precede the dinner and Round Table discussion. The Research Forum was designed specifically to allow residents to present results of their own clinical or laboratory research. The combined program rapidly became one of the most popular meetings of the year. In 1981, it was decided to combine the Resident Essay Contest with the Surgical Research Forum to be held in the afternoon with the first prize winning essay to be presented at the evening meeting followed by the invited speaker's address. In 1983, two prizes were established in the Resident Research Forum, one for clinical investigation and one for basic science research. Subsequently, Dr. Joseph Avellone was honored by the addition of his name to the first place clinical prize...

(From **The Cleveland Surgical Society (1949-1993) A Historical Perspective**)

**64th Cleveland Surgical Society Resident Essay Contest  
Tuesday May 9th, 2017**
